Farrah lost her job due to the pandemic and was sleeping in her car with her young daughter. When she reached out to Family Promise for help, our comprehensive program assisted her every step of the way.

Prevention

Before families like Farrah's face the trauma of homelessness, we seek to intervene through rental assistance, utility support and landlord mediation

Shelter

Because of the pandemic, we are still not back to our rotational shelter model, so this means our team found Farrah's family temporary housing in a hotel

Meals

Volunteers generously cooked meals for Farrah and we provided groceries and baby formula

Stabilization

In addition to finding a new job, Farrah enrolled in our Grow With Google program to gain IT skills with the goal of increasing her future earning potential

Housing

Our team was able to help find affordable housing for Farrah's family in one of our units, we provided tenancy training and a donated twin bed for her daughter

On behalf of the families and children whose lives were
changed by Family Promise last year, thank you.

You are now a part of their success story.

Together, we can end childhood homelessness in our community.
